Graduate Assistant

SUMMARY

A dedicated biochemist, entrepreneur, and lifelong learner with deep knowledge of AI, educational technology, and assessment creation. I aim to harmonize my love for science, education, and entrepreneurship while pursuing IKIGAI. I am currently leveraging AI to create impactful educational content, with a focus on practical and user-focused design.

EXPERIENCE

Graduate Assistant

Federal University of Health Sciences Ila-Orangun (FUHSI), Osun
2023 - Present

- Developed AI-driven assessment techniques that improved student engagement by 25% and reduced grading time by 40%.
- Administered exams and assisted the Biochemistry department with administrative tasks.
- Created and refined 30+ assessments using AI tools, improving alignment with educational standards by 35%.
- Leveraged AI tools to enhance research accuracy, improve literature reviews, and refine practical manuals for clarity and practicality.
- Authored 3 research papers and 5 educational blog posts, demonstrating the ability to communicate complex ideas clearly.

Founder & CEO

Cloves Beauty
2020 - Present

- Increased customer base by 50% in the first year through AI-optimized marketing strategies.
- Developed and formulated innovative skincare products, integrating natural ingredients with scientific research.
- Implemented iterative improvement processes for product development, mirroring assessment creation methodologies.
- Utilized AI to brainstorm and optimize product formulas, increase engagement through content creation, and preserve the brand's core values.
- Overcame significant entrepreneurial challenges, driving continuous improvement and business growth.

Executive Assistant

DZS IT Solutions
2021 - 2022

- Managed executive calendars, scheduled appointments, and arranged meetings.
- Prepared and distributed reports, presentations, and other confidential materials.
- Coordinated travel arrangements and accommodations, ensuring seamless logistics for executives and guests.
